Helpful Tips

1. Bring extra pounds (coins), in case you encounter a toll.
2. If you're traveling around and don't know exactly where you would like to stay or stop to look around, following the signs to the town centre. It is usually a good way to find something that you're looking for.
3. Once you find the city centre, likely there are one or more car parks where you can leave your vehicle and walk to wherever you want to go or just explore.
