Off-Base Employment Opportunities

General Information

Command-sponsored: As a part of the Status of Forces Agreement (SOFA), *command-sponsored* family members (military or civilian) with an Exemption Vignette (Visa Vignette) and no employment restrictions on their passport are able to work on the British economy without a work permit. However, you must apply for a National Insurance Number when hired.

Not command-sponsored: You may receive compency status, which allows you to purchase gas on base and shop at the BX/Commissary by working a certain number of hours for AAFES, NAF Human Resource Office, or DeCA. Please contact these agencies for more information.

If you choose to work off base, you will not have entitlement to the base and you must obtain a work permit and work visa.

Exemption Vignette (UK Visa) - Visa Vignette: Military dependents (spouses and children under 21 years old) are required to obtain the Exemption Vignette to work off base.

Checklist for the Exemption Vignette

- (1) US No-fee passport (US Citizens only) or Foreign passport
- (2) 2 Passport photos (photos must be the same)
- (3) PCS Orders
- (4) Command Sponsorship paperwork (if applicable)
- (5) Marriage Certificate (if Command Sponsored)
- (6) Prior UK visa and/or BRP card (if applicable)
- (7) 2 A-4 pre-paid return envelopes from British Royal Mail (Royal Mail Special Delivery – silver/gray) with a stamp up to 500gr. Only 1 envelope per family is required.
- (8) Application form from Passport Office

The exemption vignette process takes 3-4 weeks and then the passports will return to the Passport Office, who will contact you as soon as your documents have come back.

For additional information on the UK Visa policy, please review the Foreign Clearance Guide <https://www.fcg.pentagon.mil/> or contact the RAF Lakenheath Passport Office via email at 48fss.passports@us.af.mil

National Insurance Number: This is the equivalent to a Social Security Number (SSN) and is required for someone to begin work or start their own business in the local economy. Prior to you obtaining a National Insurance Number, you must have received your Exemption Vignette (Visa Vignette). Provided that you have the right to work in the UK, you may call a Jobcentre Plus to obtain one (phone lines are open from 8:00am – 6:00pm and are usually the least busy around 9:00). Please call Jobcentre Plus at 0345-600-0643 to obtain a National Insurance Identification Number.

A routine “Evidence of Identity” interview may be scheduled to verify your identity and reason for obtaining a National Insurance Number. Be sure to bring as many documents as possible to prove your identity such as:

- Valid UK or foreign passport
- Valid UK or foreign national identity card
- Birth or adoption certificate

- Marriage or civil partnership certificate
- UK or foreign driver's license
- Residence permit or residence card (including biometric residency documents)
- Exemption Vignette-Visa Vignette

If you do not have all or any of these documents, you must still attend the interview. You may be able to provide enough information to prove your identity. In this case, you will complete the National Insurance Number application at this appointment.

Jobcentre Plus will let you know if your application was accepted and, if possible, provide your National Insurance Number to you. If your potential employer requires this information, let them know as soon as possible.

Upon returning stateside, your national insurance contributions may be credited to your social security account. For more information on this, contact the National Pension Centre at 01912-185000.

British Taxes: Once working in the UK, income tax must be paid and is collected by the Inland Revenue. Tax is paid based on your income during the tax year, beginning on 6 April and ending 5 April the following year. For more information, contact the helpline at 08453-000627.

www.hmrc.gov.uk/personal-tax/income-tax

US Taxes: Income earned on the British economy is considered “foreign-earned income” and it is not taxed up to a specific dollar amount. However, you will still report earnings on your US taxes using the Foreign Earned Income Form (Form 2555). This only applies to income derived from a foreign economy.

www.irs.gov

Choose “File” → Information for... “International Taxpayers” → “International Individuals” → scroll down and select “Foreign Earned Income Exclusion” (under “Top Tasks”)

When you PCS: <https://www.gov.uk/government/organisations/hm-revenue-customs>

Choose “Income Tax” → “Income Tax Forms” → “Leaving the UK” → “Getting Your Tax Right if you’re leaving the UK (P85)”

Obtain a P-45 Form from your employer and, along with the P-85, send off to your employer's tax office. It may take 6-8 weeks for a refund. For questions, call HM Revenue and Customs at 08450-700040.
