Site selection: RAF Lakenheath is a small city, complete with shopping centers, entertainment complexes, housing, a hospital, a large industrial area and an airport; so a base visit can entail many different aspects.

Depending on the group's background, we may be able to set up briefings with specialists to discuss various topics. (For example, an engineering society may be interested in speaking with our Air Force engineers about changes in the career and new methods in the industry. If interested in this option please elaborate in your e-mail.)

Flying agencies*

- Aircraft static display (Due to mission requirements and high demand, requesting this demonstration may cause a longer wait for a tour date)
- Life support (pilots' flight equipment)
- Fighter squadron tour

Operations support agencies*

- Airfield management
- Aircraft control tower
- Radar approach control
- Military Working Dogs
- Fire department
- Armory demonstration (weapons)
- Military vehicle operations/ vehicle display
- Weather squadron
- Deployment center (where and how we deploy our Airmen)

- Mobility (gear and equipment for troops deploying such as gas mask, protective gear)
- Explosive ordnance disposal (bomb squad)
- Military battlefield first aid (for smaller groups)
- Aircraft Fuels

Personnel support agencies*

- Hospital (For smaller groups)
- Base housing (quick drive through)
- Base Environmental Agency

***All choices are subject to availability and pre-existing mission requirements**

Please select eight agencies your group would like to visit during your tour. Due to time restraints, not all eight agencies will be visited. Depending on the site selection only 3 to 4 locations will be visited. If the top site selections are unavailable, the next choice on the list will be selected.

Please be aware, due to manning and mission requirements, itinerary changes may occur.
